## **Study Guide for Content Mastery - Student Edition**

Matter and Change All samples of a substance have the same physical properties. All crystals of sucrose taste sweet and dissolve

completely in water.

Matter and Change A physical property is a quality or condition of

# Access Free Chemistry Matter And Change

a substance that can be observed or measured without changing the substance's composition.

## **Matter and Change - The World of Teaching**

Chemistry is the study of matter—what it consists of, what its properties are, and how it changes. Being able to describe the ingredients in a cake

# Access Free Chemistry Matter And Change

and how they change when the cake is baked is called chemistry.

Matter is anything that has mass and takes up space—that is, anything that is physically real.
