AC does more than cool the air, it also dehumidifies and recirculates air through the cabin. A working air conditioning system is

Acces PDF Ford Expedition Ac Charge

essential to a comfortable ride, but an AC unit won't work without AC refrigerant, R134a. R134a is pumped through the AC system to the evaporator, where cabin air condensates.

Acces PDF Ford Expedition Ac Charge

Determine Ambient Air Temperature If the temperature of the air is 55°F or below, do not charge the vehicle. It is recommended to use a charging hose with a gauge. The refrigerant packaging should contain a chart like the one above for determining what pressure to charge the system depending on the ambient air temperature.
