### **Glass Half Full Quotes (20 quotes) - Goodreads**

These people have a way of seeing life as being the “half full glass” where even if things are going very wrong, they find something positive in it to focus on. This way of viewing life is natural for some people, but for the majority of people who use this approach to life, it is a learned response.

### **The Half Full Glass and Positive People | Your Life Creation**

A positive attitude is seeing the glass half full because even when you have experienced a problem or a situation that felt bad, you can still look at it with positive eyes: What is life telling you? What lesson can you learn from a bad experience? If there was a reason for that experience to have happened, what could that be?

### **Positive Attitude Is Seeing The Glass Half Full**

Are you a glass half full or a glass half empty type person? Do you tend to see the positive, even in stressful situations? Or do you immediately assume the worst and focus on the negative? People generally fall into two categories when it comes to how we see the world—optimist or pessimist.
