If your AC is negative, the formula for the target number is $10 + (\text{a random number from } -1 \text{ to your AC}) + \text{the monster's level}$. If the monster can't see you or is trapped, subtract 2 for each. If you are paralyzed or similar, add 4. If the final target number is so good that it would be less than or equal to zero, set it to 1.
